

Accessing Teams on a PlayStation

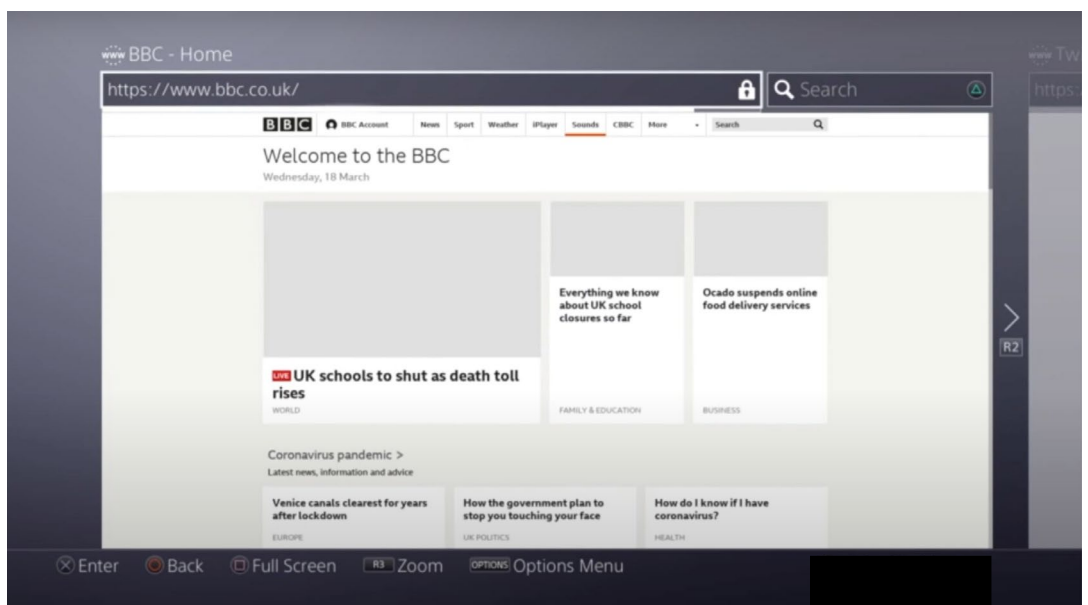

1. Scroll to the Library on the main menu on your Playstation's home screen

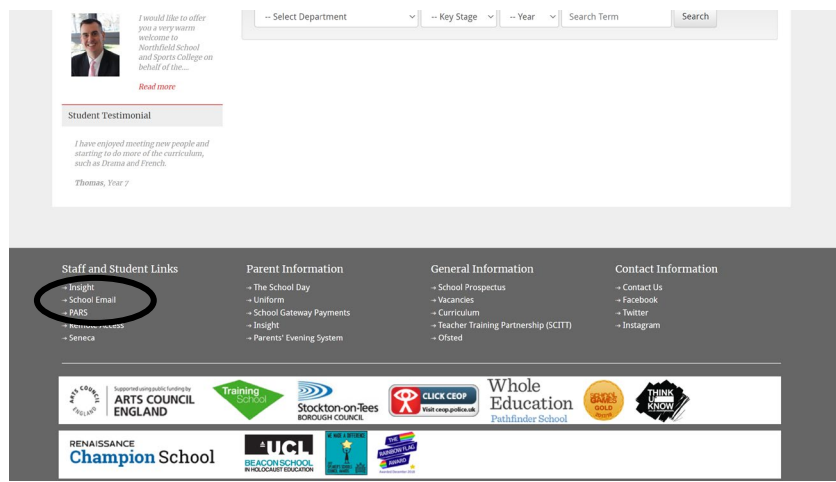

2. In 'Applications' select 'Internet Browser'.

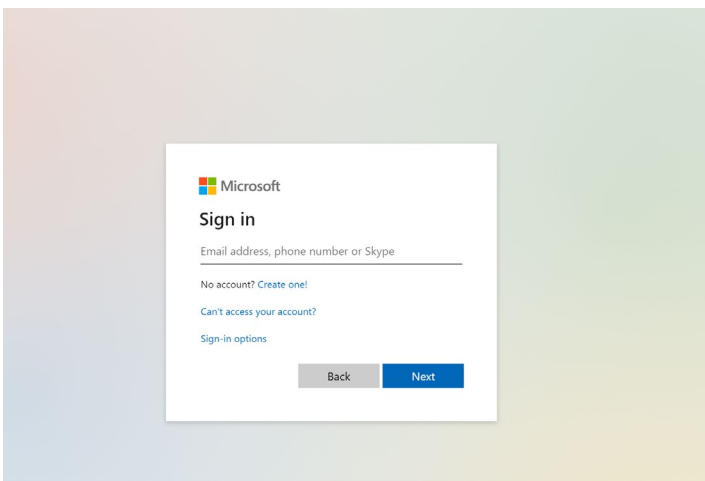

3. Use the search bar to search for the school website (<https://northfieldssc.org>). Your controller allow you to search and type. A USB keyboard is also an option.

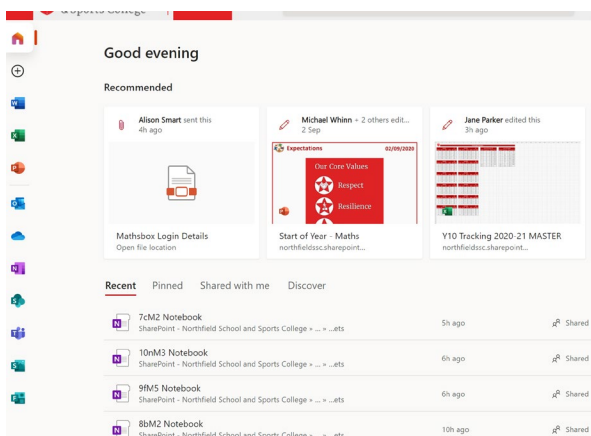

4. Scroll to the bottom of the home page and click on 'School Email'

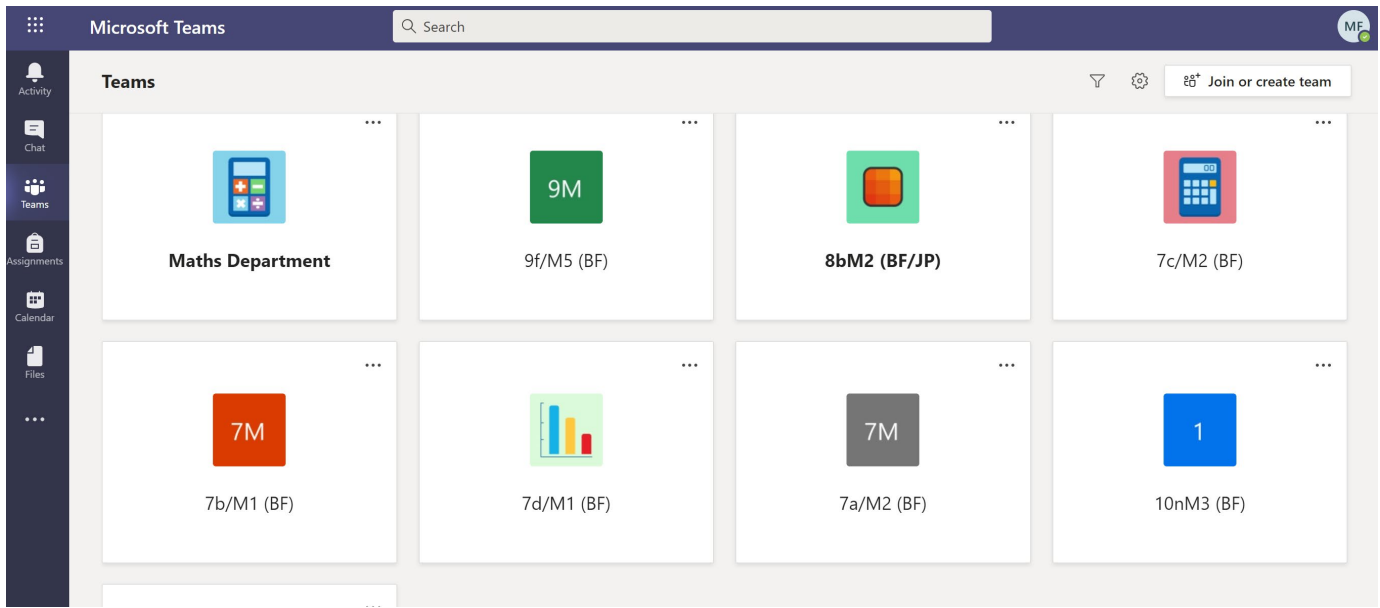

5. Enter your SCHOOL email address and password.

6. Find the teams logo on the left hand side and click it.

You will now be able to navigate through your teams and join the Live Lessons hosted by your teachers.

PlayStations do not support microphones or cameras, you will however be able to participate in lessons using the chat feature and the keyboard.

You will also be able to use the other Office 365 applications
